Your supplier of sun protection systems

Markisolette

Markisolette is a combination of a drop-arm awning and screen. It is a reliable sun protection and a time-less product that can grace a facade beautifully. The product's advantage is that it enables to look outside. Our Markisolette features a very good fabric tension and a wide range of colours.

The Markisolette is perfect for high windows, as it provides ideal shade. The product is easy to use and install. The maximum dimensions of this product are 3 x 3m
